Journey with us to a better you at Soori Spa.
At Soori Spa, we draw on the benefits of a range of Asian and European massage techniques that can be tailored to your personal needs. Allow our spa hosts to help you select the appropriate massage therapy and oils to suit your condition.

SPIRIT OF SOORI MASSAGE

Soori’s signature massage is based on the concept of healing energy. Working on the concept of “taksu” (meaning “spirit” to the Balinese), this oil massage is a tailor-made journey, utilising firm pressure and dynamic stretches, which gently guide you through the discovery of your body and inner nature.

BALINESE MASSAGE

Feel tension dissolve with this ancient Balinese healing therapy that combines long therapeutic strokes and skin rolling to relieve muscle tension. Palm and thumb pressure techniques are also applied to unravel the deepest stress and improve blood flow.

THERAPEUTIC MASSAGE

Experience a complete body awakening with a combination of therapeutic massage techniques using fluent strokes of different depths and intensity. This deep tissue treatment incorporates firm palm, thumb and forearm pressure to relieve muscle tension and improve joint mobility.
FOUR HANDS MASSAGE

A unique synchronised massage that brings a sense of harmony and balance to the body and soul. A truly pampering experience, surrender to the sublime symphony of healing and pleasure created by the energy of two therapists working in unison.

ABDOMINAL CHI MASSAGE

This abdominal massage works on both the physical and emotional level. It promotes circulation for the health of the internal organs, while balancing the nervous system to release stress. This treatment utilises gentle pressure with the power of your breath and can be deeply relaxing.

BACK, NECK AND SCALP CARE

Using a combination of techniques, and focusing on the back, shoulders, neck and scalp, this treatment quickly loosens areas of deeply held tension caused by staying in one position for too long. An oil scalp treatment is added to stimulate the follicles and awaken the senses.

FOOT REFLEXOLOGY

Reflexology is based on the principle that energy flows freely around the body when we are in good health and that there are reflex areas on the feet that correspond to every part of the body, including major organs. Sit back and relax as your therapist applies varying degrees of pressure to specific points on the feet to unblock energy flow and promote the body's natural healing from within.

PRE-NATAL MASSAGE

Enjoy relief from the physical and emotional demands of pregnancy. This gentle, non-invasive approach to massage will ease your discomfort, reduce swelling and help lower stress. Feel yourself slip into a state of calm relaxation as our skilled therapist uses a lighter touch, concentrating on those areas most vulnerable to changes in your body.

THAI MASSAGE

Thai Massage is an energy-based full body massage technique, with a view that the body is based on meridians or energy lines known as ‘Sen’. The aim of a Thai Massage is to balance energies throughout the body by working these ‘Sen’ lines. Given clothed and without oil this experience involves pressure point massage using thumbs, hands, arms, knees and feet, as well as stretching movements. It is an invigorating therapy that relieves muscular tension, loosens joints and opens energy channels.
WARM STONE THERAPY

The therapeutic power of touch combines with the energy of the earth in this muscle relaxing massage. After our signature foot bath, smooth, heated river stones are used in rhythmic flowing strokes over the body to melt tension and soothe emotions. The stones are also placed on various energy points to stimulate the body's natural healing potential.
Hydrotherapy is the use of water to relieve discomfort and promote physical wellbeing and has been revered for centuries. At Soori Spa we combine this with an indulgent application of a scrub and wrap followed by a Vichy shower delivered by 6 showerheads. The pulsating shower aligns with the midline of the body and stimulates circulation and revitalises the skin. The dreamy sensation of water on the skin can soothe the nervous system and calm the mind, and a mix of cold and hot water applications can help enhance overall circulation.

Choice of scrub and wrap and hydration for the skin.
ULTIMATE ESCAPE

The only one of its kind, the Soori Vitality treatment suite offers a thermal spa journey combining hot and cold experiences to detoxify, replenish and rejuvenate. The detoxifying process involves the use of fresh herbal steam bathing, an invigorating full body scrub conducted on warmed terrazzo tables, followed by a Vichy shower, scalp treatment, drenching the body in a cold power shower and a full body massage to encourage the positive flow of energy while the body’s detoxifying processes are activated. Your therapists will guide your journey through the various experiences in our premium Vitality Treatment Suite. Spa refreshments will be served.

BALINESE BEAUTY RITUAL

Balinese Boreh is an ancient village remedy originating from the rice farmers of Bali. It has been handed down through generations and is recognized as a traditional medicine, believe to help warm the body, relieve aching joints and help treat skin problems. Herbs of cloves, ginger, cinnamon, coriander seeds, rice, turmeric root and sandalwood create this powerful healing remedy. Treatment includes a 60-minute Balinese Massage, a traditional boreh scrub and mask, ended with pressure point marma facial.

SOORI SUN SOOTHER

We recommend enjoying this treatment at the end of your stay to enhance your holiday glow and minimise the appearance of flaking skin. Heal and restore vital moisture to skin that has been exposed to the elements with a soothing cucumber and aloe vera wrap and cooling rain shower; concluding with an application of nourishing body lotion infused with coconut oil and shea butter.
